

PRESS RELEASE 17 October 2024

Corem signs lease agreement with Transcom for 1,067 sq.m. in Kista

Corem has signed a three-year lease agreement with the global outsourcing company Transcom regarding a 1,067 square meter office space in the property Borgarfjord 4 in Kista, Stockholm. Access is planned for the first quarter of 2025.

Transcom already has its customer service operations in Kista and is now looking forward to new, fresh premises:

"Kista offers many advantages. With excellent communications and proximity to Arlanda, it is a strategically smart location. There is also a strong recruitment base here, and we are close to several of our partners, whose headquarters are located in Kista or in the surrounding area. Corem has understood our needs in an excellent way and offers a competitive full-service solution that matches our needs well," said Markus Mauritzon, Managing Director, Nordics & Baltics at Transcom.

The property, also called the Time Building, is a popular full-service building in central Kista, where, among others, Zymatic, Halton and Terravis have set up offices during the year.

"We are happy to be able to welcome Transcom to the functional premises in the Time Building, a property that, among other things, offers modern offices, an inspiring lounge area and a restaurant," said Anna Lidhagen-Ohlsén, property manager at Corem.

About Kista, Stockholm North

Kista is located in northern Stockholm. With its unique communication location with proximity to Stockholm city, Arlanda airport and direct access to the E4 and E18 highways, it offers excellent conditions for both local and international operations. Kista also offers well-developed public transport with subway, commuter train and, within a few years, the cross-railway. Here, large established companies sit side by side with new tech companies. This makes Kista one of the world's leading clusters for technology and telecom companies and one of Sweden's most innovative locations.
